Title System Modernization

- The Motor Vehicle Division is working with its developers to modernize the titling system. The modernized system will be called ALTS (Alabama Title System) and is designed to replace ETAPS. ALTS will be a more of a wizard based system and user friendly.

Preliminary Efforts:

- As part of the modernization:
 - Each title transaction is being analyzed, to determine if the transaction can be streamlined.
 - Each reject code has been reviewed, in an effort to eliminate and combine where applicable.
